What is Albert.io?

An online test prep for ALL AP classes, SAT and ACT. Albert helps your students prepare for difficult academic subjects such as the APs, SAT, and ACT. Students work through interactive and engaging practice questions to help them solidify and retain their understanding of key concepts. Albert also offers core curriculum-related test questions for ELA, Math, Science and Social Studies.

Who has access to Albert.io?

All M.S and H.S school teachers in KISD have free access to www.Albert.io.

How do students login?

1. For students to login, have them to **Albert.io**
2. Click **Login** in the top right corner
3. Click the blue **login with Google button** and enter their school credentials (kellerisd.com email).
4. If students are unable to get in using the Log In with Google option, we have set a temporary password of Keller for all students. They can type in their email address and that password instead of using Log In with Google
5. At this time, this is a web-based program, there is NO app for Albert.io; however, it works on all mobile device
6. **6.**

How do Teachers login?:

1. Visit www.Alberito and login using KISD Google Credentials.
